

Prewired Connector set

DCv3 Sound Unit to USA Trains
sound power wire harness.

Item #992

USA to Dallee DCv3 Sound unit operating
with any track power.

Plug 2 pin red/gray wire into J1 as shown. Plug 3 pin
black/white wire into J3 as shown. Plug large 2 pin
connector into the 2pin male connector provided inside the
USA trains engine. The sound on/off switch on USA engines
turns the track power on/off to this connector.

All other connections need to be done as per the
instructions for your reed switches and other options.
