

Lionel Faribanks Morse Installation

with optional oval speaker, marker lights, dual coil couplers, and extra lighting.

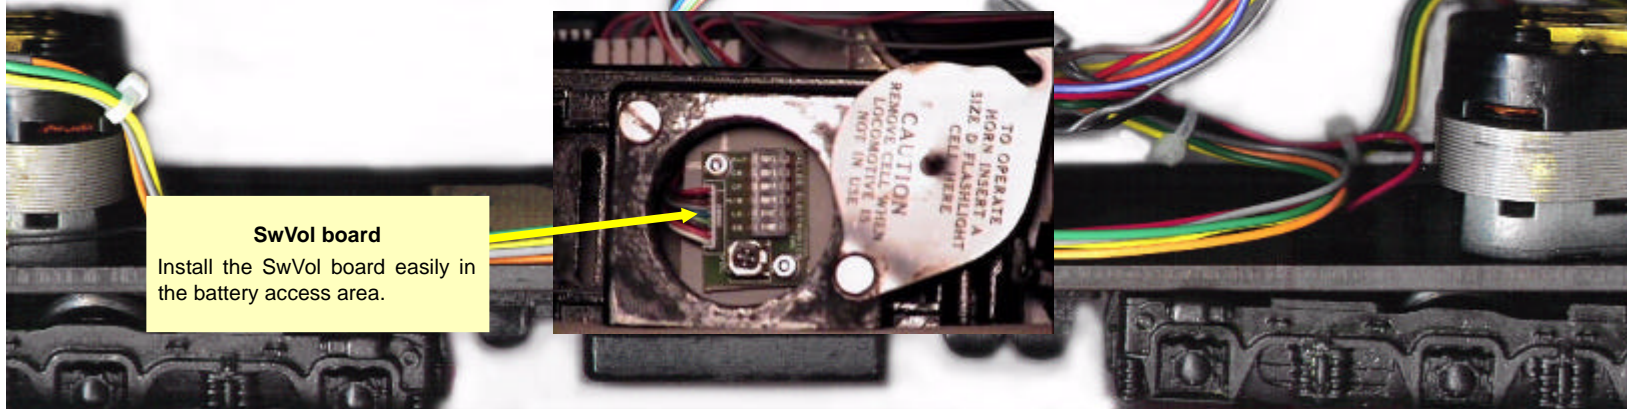

LocoMatic™ Type 4
Sound & Control

Speaker Baffle
Use a piece of card stock to make a speaker enclosure. Seal all edges. Oval speaker #664 shown. The standard 2" round is installed the same way.

Overall view of component locations

SwVol board
Install the SwVol board easily in the battery access area.
