

Original Flyer Replacement Speaker.

Due to many requests, we have made a direct replacement speaker assembly for the Original Flyer trains mainly produced in the 1950's. This unit replaces all of the components used in the original system and does not consume the energy that the original unit did. It does produce the same intensity as the original unit.

Original speaker and components .

Replacement unit, item #621.

Item #621 comes completely assembled and ready to replace the original speaker, power resistor, and coupling capacitor. It's also supplied with tape for securing it in the same location and orientation as the original unit.

Pricing is as follows:

item #621 - \$ 39.95
